Product update release notes

Important! All customers who update, maintain, and use Sage 300 U.S. Payroll should read these release notes to obtain valuable information about changes to the software program and payroll legislative database.

Product update information

Product: Sage 300 U.S. Payroll

Version: Product Update Q3 2026

Software requirements

To use this product update, you must have Sage 300 U.S. Payroll 8.0, which is supported in Sage 300 2027, 2026, 2025, and 2024.

Note:

- If Canadian and US Payroll are installed, you must install the same Payroll Tax Update, otherwise you will not be able to login to Sage 300 Web Screens.
- If you are using Sage HR Integration with Sage 300, you can only use the Sage 300 desktop interface to print checks and publish pay slips. The current 'Print Checks' function in Web Screens does not support publishing of payslip for Sage HR.

Payroll Tax Updates

Federal Legislative Updates

There are no federal legislative updates with this release.

State and Local Legislative Updates

This section lists state and local legislative updates available with this release. If a state or locality is not listed in this section, there are currently no tax updates or product modifications for that state or locality.

Note: Sage 300 U.S. Payroll includes some system-supported State Disability Insurance (SDI) codes, which are updated automatically (for example, with rate changes) when you install product updates. To use these codes, your SDI codes must match the system-supported codes.

If you use custom tax codes to capture SDI taxes, note the following:

- If your codes match the system-supported tax codes, you should review the tax code setup before processing payroll.
- If your codes do not match the system-supported tax codes, you can switch to using the system-supported codes. To do this, you must deactivate your custom tax codes, and then set up the system-supported tax codes.
- Regardless of whether or not your codes match the system-supported tax codes, you must follow your existing procedures for reporting and filing SDI taxes as custom taxes.

Information about changes to specific system-supported SDI codes is included in the sections for the related states.

Kentucky

The following local taxes have either been added or have updated rates in the supported tax tables:

Code	Description	Rate	Effective Date
KY0292	Salem CT Regular IT	1%	10/01/2026

Idaho

Idaho withholding tables and instructions have been updated effective January 1, 2026. These changes are retroactive to January 1, 2026, and do not require adjustments to withholding previously calculated during the year. Refer to the state publication for more details.

Maine

Maine withholding tables and instructions have been updated for August 14, 2026. Refer to the state publication for more details.

Ohio

Ohio withholding tables and instructions have been updated for August 1, 2026. Refer to the state publication for more details.

The following local taxes have either been added or have updated rates in the supported tax tables:

Code	Description	Rate	Effective Date

Product updates

The following product updates are included with this release.

Payroll product updates

U.S. Payroll product updates

Cost Center Override now supports Flat Earnings and Flat Benefits

The "Cost Center Override Allocated Based on Calc Base" option is now available for Flat Earnings and Flat Benefits.

My Workforce Forms updates

This update does not include any new features or improvements to My Workforce forms.

To download and install My Workforce Forms, see Sage Knowledgebase article [250128222256470](#).

Sage Payroll Tax Forms and eFiling by Aatrix

Sage Payroll Tax Forms and eFiling by Aatrix is a feature included with Sage 300. This functionality provides updated reports and forms at no cost and enables you to fill out and file tax forms electronically for a fee.

To begin using tax forms with Sage Payroll Tax Forms and eFiling by Aatrix, open one of the tax forms available in **Payroll > Government Reports > Federal Tax Filing** or **State Tax Filing**. You will be prompted to register your organization with Sage Payroll Tax Forms and eFiling by Aatrix. After registering, you have the option to enroll your company (or companies) in the eFiling service.

For a detailed overview and a price structure of the Sage Payroll Tax Forms and eFiling by Aatrix options, visit our website here:

Product update installation instructions

Follow the instructions in this section to install, apply, and verify this Product Update.

Before you start:

- Back up your data.
- Make sure all users have exited the program.
- Verify your service pack or product update level. To verify what service pack or product update you have installed, click the **System Information** option on the **Help** menu in Sage 300.

Installing the product update

To install the product update:

1. Right-click the Product Update file to Run as Administrator (or make sure you have administrator rights to run the installation) and launch the installation program.
2. On the Welcome window, click **Next** to continue to the Software License Agreement window.
3. Select the features to install. Click **Next**, then **Install**.
4. On the Setup Complete window, click **Finish** to finish the installation.

Activating the tax update

To activate the tax update:

1. Start Sage 300.
2. In the **Administrative Services** folder, select **Data Activation**.
3. Select the current tax update, and then click **Activate**.
4. If you are prompted to convert a previous payroll tax update to the current version, click **Proceed**.

After you complete installation and activation, and after you have made any adjustments described in this document, you can resume processing payroll.

Verifying the product update

After the update is complete, you can confirm that the update was installed successfully by selecting **Help > System Information**. The tax update version will be listed with a product update number.

Updating the local tax repository and rates

This section applies only if you use local tax codes in U.S. Payroll.

To update the local tax repository and rates:

1. After the Product Update is complete, log in to Sage 300.
2. On the Local and Other Custom Taxes window, click the **Install Repository** button to update all of the local tax rates in the system.
3. When asked if you want to continue updating company-level local tax records with information from the local repository, click one of the following:
 - **Yes** to automatically update the company rates for all local taxes.
 - **No** to update local taxes individually (select each tax and click the Update button to apply the rate changes). Doing this enables you to validate rates before and after the changes.
4. Depending on your choice in the previous step, update employee-level local tax records as follows:
 - If you clicked **Yes** in the previous step, when asked if you want to continue updating employee local tax records from the local tax repository, click one of the following:
 - **Yes** to automatically update the employee-level rates for all local taxes.
 - **No** to select each employee or use the Update Taxes tax, then update each tax or employee individually.

- If you clicked **No** in the previous step, you must manually update each employee-level tax. This can be done for all employees at once by tax from **U.S. Payroll > Update Taxes**, or by individual employee from **Employee Payroll > Taxes**.

Important! This process requires security permissions in Sage 300 to access all employees. Otherwise you may not receive the prompts as described above and employee rates will not be updated.
